

std::exception

```
graph BT; A[io::error::base] --> B[std::exception];
```

The diagram illustrates an inheritance relationship between two C++ classes. At the top is a white rectangular box with a black border containing the text 'std::exception'. At the bottom is a gray rectangular box with a black border containing the text 'io::error::base'. Two blue arrows originate from the top of the gray box and point upwards to the bottom of the white box, indicating that 'io::error::base' inherits from 'std::exception'.

io::error::base
